Instructions for abstract submission

The abstract should cover your approach to combat the obesity epidemics. It should describe the work that you have been and that you are currently involved in at your home institution (surveys, intervention programs, research projects, interesting clinical cases; new ideas). **Please prepare a 10-minute power-point presentation.**

The abstract must meet all of the following criteria otherwise it will not be accepted:

- Length of the abstract is one page
- Font: Arial
- Title: bold and 12 pt
- Name of the authors and the affiliation: 10 pt
- Body of abstract: 10 pt
- Between title and the name of the authors as well as between the name of the authors and the body of abstract there is a blank line, 10 pt
- the body of the abstract should be subdivided into following sections:
Background; Study aims; Subjects and methods; Results; Summary & conclusions

☐ My abstract contains unpublished confidential material. Please do not distribute outside the TOOLTIPS consortium.

Place, Date

Signature

Please return by February 15, 2010, to:
