READY TO EXPERIENCE SOMETHING NEW WITH ERASMUS+?

## What is the Online Linguistic Support?

Erasmus+ is the new EU programme for education, training, youth and sport for the period 2014-2020. Erasmus+ offers opportunities to study, train, gain work experience or volunteer abroad and one of its strategic objectives is to strengthen linguistic skills and support language learning.

More information on [Erasmus+](#)

The Online Linguistic Support (OLS) supports language learning for Erasmus+ mobility participants. The OLS offers participants in Erasmus+ long-term mobility activities (Key Action 1) the opportunity to assess their skills in the foreign language(s) they will use to study, work or volunteer abroad. In addition, selected participants may follow an online language course to improve their competence.

The screenshot shows a web browser window with the address bar displaying [erasmusplusols.eu/assessment-test/](http://erasmusplusols.eu/assessment-test/). The page features a dark header with the Erasmus+ logo and the text "Online Linguistic Support". Below the header is a navigation menu with links: Home, Language assessment, Language courses, Contests, Media, and Support. The main content area has a blue-tinted background image of a group of young people. A large white text overlay reads "LANGUAGE ASSESSMENT". Below this, a blue text box says "Discover more about the OLS language assessment with our presentation!". A circular icon shows a computer monitor with a blue document icon and "E+" on the screen. Further down, a section titled "What happens with the assessment results?" contains text explaining that only participants and their institutions receive results, while EVS volunteers and higher education students do not. A link to the user guide is provided. At the bottom, another text box says "You can also take a look at our Erasmus+ OLS language assessment presentation!". A circular image of hands writing on a notepad is on the right.

**LANGUAGE ASSESSMENT**

**Discover more about the OLS language assessment with our presentation!**

**What happens with the assessment results?**

Only the participants and the institutions/organisations in charge of their selection receive the results of the assessments. For EVS volunteers, the results will not be communicated to the other organisation(s) in the project. For higher education students, the results will not be communicated to the receiving institution/organisation.

Please consult the user guide of the language assessment [here](#) for further information.

## How does the language assessment work and who is it for?

The OLS language assessment is mandatory for **all** participants to Erasmus+ mobility activities of at least two months (studies/traineeships/EVS volunteering) with one of the **following languages** as the main language of instruction, work or volunteering (with the exception of native speakers).

Since 2015, the service is also available to Vocational Education and Training (VET) learners participating in a mobility of at least one month.

Erasmus+ mobility participants must take the assessment twice — before and at the end of their mobility period — in order to monitor their progress in the language of mobility.

The online assessment **assesses participants' language skills - listening, reading and writing** - according to the Common European Framework of Reference for Languages (CEFR).

## What are the assessment steps?

Participants must complete the first language assessment **before the mobility** to assess their language competences. For higher education students, taking the OLS language assessment before their departure is a pre-requisite for the mobility, except if duly justified. Assessment results do not prevent participants from taking part in the mobility programme, but can be used by the sending institution/coordinating organisation to identify the participants most in need of linguistic support.

**Based on their language proficiency**, participants may have the opportunity to access the OLS learning platform to follow an online language course before and during their mobility period. This should be agreed between the participant and the institution/organisation in charge of his/her selection.

**At the end of their mobility period**, participants will be requested to take a second assessment to assess the progress made.
